Integrated Navigation for Kenwood

by Advanced ICE

Standard & Premium Nav Features

Real Signpost Rendering

Real Signpost Rendering, Enhanced Junction View and Tunnel Mode help show you what to look for and where to go, so you can easily navigate through areas and intersections you're unfamiliar with.

Safety Proximity Alerts

For added safety, you can set Proximity Alerts. These alerts warn you of upcoming School Zones as well as Red Light, Fixed and Average Speed Cameras.

Enhanced Junction View

The Enhanced Junction View which provides the driver with a realistic image of the upcoming intersection. This makes it a lot easier to navigate through intersections and exits you're unfamiliar with.

- Fully licensed NextGen mapping for Australia and New Zealand.
- Premium*: Latest mapping data from Here.
- Standard*: Latest mapping data from TomTom.
- 1 year free Street Mapping updates.
- Extensive "Points of Interest" Database helps you find Petrol Stations, Emergency Services, ATMs and more.
- Visual and audible warnings.

- Map updates through Naviextras Toolbox.
- 2D or 3D map view with Smart Zoom and realistic display of 3D terrains and 3D landmarks.
- Eco and Smart Route Planning.
- "Text-to-Speech" Function (TTS).
- The Trip computer can display up to 3 additional pieces of information. Choose between arrival time, journey time, speed, direction, height above sea level, etc.

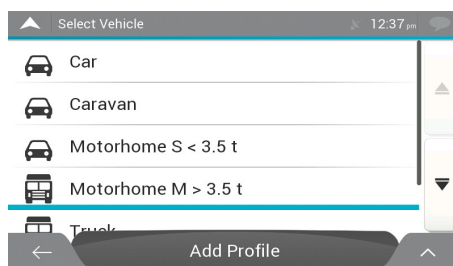

Premium Only Nav Features

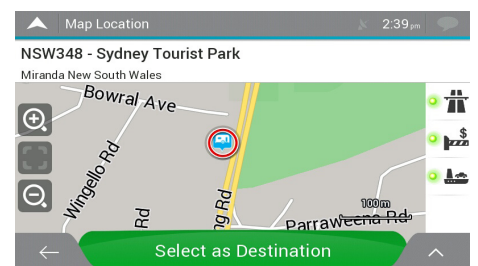

Advanced Road Signs

Even while you're travelling unassisted by route guidance, the navigation will take into consideration the road ahead of you and give warnings. You will be notified of upcoming potential hazards such as Merging, Slippery Roads, Wildlife Crossing areas, etc.

Trucks/Motorhomes/Caravan Navigation

Enter the specifications of your vehicle including: Maximum Speed, Fuel Consumption, Engine Type, Length, Width, Height, Trailer, Weight & Freight. You can even disable U-turns on all roads. The route guidance will adjust your route accordingly.

Camps Australia Wide POI Database

Includes over 3,900 low cost or free Camp Sites, Dump Points and Rest Areas. Search by Number, Name, Location or even along your current route. The contact information is installed on your device so you can easily call your destination.
